1 For dates of accident prior to 7/1/1992, there is no cap on the number of benefit weeks. After 6/30/2004 the weekly cap applied except to cases designated as "Catastrophic" which receive lifetime benefits. Catastrophic claims with dates of accident after 7/1/2005 are subject to a new rebuttable presumption claim is no longer catastrophic upon eligibility for social security retirement benefits. There is another rebuttable presumption against catastrophic designation for first 130 weeks if there are work restrictions.

2 Period runs from the date of injury, not the date of entitlement and it is weeks and not benefits paid.
